QUESTION: WHAT IF I USE A SERVICE ANIMAL, CAN I BRING IT WITH ME TO SONIC TEMPLE?

ANSWER: Yes, DWP and ALL IN welcome all fans, including those that enjoy Sonic Temple with the use of service animal.

DWP and ALL IN **DOES NOT** support pets being misrepresented by their owners as trained service animals. Pets must stay at home, no exceptions. This is for the safety of all our fans and your pet. A rocking music festival is frightening and stressful for an untrained animal.

Emotional Support Animals or Therapy Animals are not considered Service Animals as defined by the Americans with Disabilities Act and therefore are not allowed into our venue.

The ADA defines a Service Animal as one that been trained to perform one (or more) specific task(s) for the person with a disability that it serves.

A few notes about bringing your Service Animal to Sonic Temple:

1. When passing through the gates you will receive a short & respectful screening by a member of the Access Team. A band will then be placed on the collar or harness of your Service Animal. This band is purely a visual alert to all our staff that you have already been screened and ensure that you are not stopped and asked multiple times in the different areas of the event. This tag is only for your ease of movement throughout the festival and is not a credential to get you into the festival. You must have a ticket/wristband to enter Sonic Temple.

2. Your Service Animal must always remain with you & it must be **your** service animal.
3. Your Service Animal must be under your control at all times and have a collar or harness and lead.
4. If (for some reason) your Service Animal displays unsafe behavior of any kind, we reserve the right to ask you to remove the animal from the festival.
5. There will be Service Animal Relief Areas around the event. Please stop by the Access Center for locations. Handlers are responsible for cleaning up after their Service Animal.
6. We reserve the right to facilitate removal or entry/access to any animal from the campgrounds or venue if that animal is deemed to be a health or safety threat to festival fans, staff, or other service animals, or in violation of our policies.

PLEASE NOTE: You will not be asked for any documentation for your service animal however, all canine service animals (including those from out of state) must have proof of current and valid rabies vaccination on them or with their handlers at all times. Proof in the form of a tag on the canine is not adequate, handlers must have a paper copy from their veterinarian showing valid dates. You may be asked for this upon entry. This is the only documentation that you will ever be asked for by ALL IN's Access Team. This is for the safety of all our valued fans.

If you have any questions about your Service Animal, please email our Accessibility Director, access@sonicfestival.com

QUESTION: ARE THERE ACCESSIBLE RESTROOMS AT SONIC TEMPLE?

ANSWER: Yes, there are many restrooms available throughout the festival. There are permanent restrooms that all have accessible stalls. At these locations there will be signs posted:

We recognize that there are less accessible stalls available in each of the permanent bathrooms due to compliance laws, with that in mind – we encourage all fans to be inclusive and allow Access Program Fans to wait at the front of the line for the next available accessible stall.

In addition, there will be wheelchair accessible portable toilets in different areas around the festival, they will be in every area that a standard portable toilet is found. You will find that some of these accessible toilets will have locks on them. ALL IN's Access Team recognizes the need to ensure clean restrooms for our patrons with mobility disabilities and will lock some of the units. Please go to the Access Center upon entering the festival for more information and lock codes.

We ask you to be a part of the "Pristine Porto Club" and partner with us by not sharing the lock code with other patrons or hand it off to a fan that is not using a mobility device. There will also be a number posted in the unit to report to us that it needs to be serviced. While we will have team members checking the portable toilets from gates open to gates closed – your help benefits all Access Program Fans.
